Roles of Designated and Deputy Designated Teachers in Ballydown Primary School & Nursery

- Listen to and support the child
- Act as point of contact for staff and parents/guardians

Aims/principles of our Safeguarding & Child Protection Policy

The following principles form the basis of our Safeguarding & Child Protection Policy:

- It is a child's right to feel safe at all times, to be heard, listened to and taken seriously.

- Children have the right to be protected from all forms of physical or mental violence, injury or abuse, neglect or negligent treatment, maltreatment or exploitation including sexual abuse by those looking after them.
- When we make decisions which affect children, the best interests of the child will be our primary consideration.

What we, as a school, will do if we have concerns about a child in our care

1. In most situations, the Designated teacher, or in her absence, the Deputy Designated teacher, will discuss concerns with the parents/guardians.
2. If concerns persist, we will seek advice from the Designated Officer for Child Protection in the EA Southern Region and / or with the Chief Education Welfare Officer in the EA Southern Region.
3. We will follow advice from the EA Southern Region which may involve a referral to Social Services.

Child Abuse is defined/categorised as below:

Neglect – the persistent failure to meet a child's physical, emotional and/or psychological needs, likely to result in significant harm.

Physical Abuse – the failure to prevent physical injury or causing actual physical injury to a child.

Emotional Abuse – persistent emotional rejection or ill treatment of a child

Sexual Abuse – actual or likely sexual exploitation of a child
